---	---

★★ If there is an excess of water/leaves on cover when Canfield Pools arrives at residence and homeowner did not check the box authorizing removal, Canfield Pools will attempt to contact homeowner to verbally ok removal. If homeowner cannot be reached, canfield pools will leave and reschedule opening with homeowner, resulting in an extra trip charge.

Terms: I understand that my pool may need additional water for proper filter operation, and I will be responsible for the payment of said water, whether hose filled or hauled in by truck. I understand by scheduling Canfield Pools to open my pool, I am authorizing Canfield Pools to take all necessary steps to ensure pool is operating properly upon Canfield Pools' departure. Extra work not included in the opening price and/or extra trips taken will be billable; Examples include, but are not limited to, ensuring all equipment is running and functioning properly, diagnosing and possibly repairing malfunctioning equipment (all significant repairs and/or replacement parts needed will be quoted before performed), ensuring water is clear and balanced by adding appropriate chemicals, vacuuming and possibly making multiple trips to do so and incurring additional charges. I acknowledge, by signing this disclosure, that I understand the cost of my pool opening cannot be firmly quoted before it is performed due to the many variables involved. I understand that I will receive one (1) complimentary opening follow-up trip free of charge (this includes only the trip charge; any chemicals added and/or work performed will be billable). Any trips following this will be completely billable. If homeowner will not be home, Canfield Pools will need full access to pool area and have all relevant pool cover codes, gate codes and/or gate keys.
